THE WHITE HOUSE
WASHINGTON

February 24, 1988

Dear Mr. Benson:

Thank you very much for your letter of February 12, 1988 requesting a meeting with President Reagan while your major donors are in Washington.

As you may be aware, no solicitation is allowed on federal property, including the White House, so we will not be able to honor your request for a fundraising event.

We would, however, be happy to schedule a briefing conducted by Administration officials, to inform your supporters of developments of major issues of concern to the Administration. President Reagan would not be available for such a briefing, but I am confident that we would be able to provide high-level, quality speakers. If you are interested in including a White House briefing in your Washington activities, please contact Judy Butler, our Associate Director for Political Affairs, to make the arrangements.

We appreciate all that you are doing in Colorado to assist the Republican Party and our candidates.

Sincerely,

Howard H. Baker, Jr.
Chief of Staff to the President

Dear Mr. Young:

Thank you for your message to the Chief of Staff expressing interest in receiving collectable items from the White House.

We receive a large number of requests each day for mementoes from the White House -- honoring all of them would simply be impossible. As a result, we are unable to provide you with the materials which you requested. Your interest is appreciated, and we hope that you will understand the need for this policy.

With Mr. Baker's best wishes,

Sincerely,

Dear Jim:

Thank you for your letter concerning the Department of Education's decision not to award the grant for the National Center for Research in Vocational Education to Ohio State University.

As a matter of sound policy, the President and his staff refrain from taking action with respect to contract awards, grants and similar matters within the jurisdiction of Executive Branch departments or agencies. This policy is designed to avoid even the appearance of seeking to influence the decisions of government officials on behalf of particular parties. As a former Governor, I am sure you can understand the important interests which underlie this position.

I am, however, forwarding your letter to the attention of the appropriate officials at the Department of Education.

THE WHITE HOUSE

WASHINGTON

February 29, 1988

Dear John:

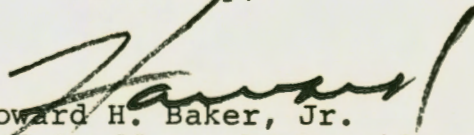

In response to your letter of February 3rd, I have brought your recommendation of Al Eckes, Seely Lodwick or David Rohr for Chairman of the ITC to Bob Tuttle's attention.

Be assured that in making a recommendation to the President (which we expect will be in June of this year), your strong interest in these candidates will be given serious consideration.

Additionally, I appreciate your concern, expressed by separate letter of February 3rd, for the importance of quickly and fully staffing the Department of Commerce. As of today, the President has approved candidates for all the vacancies at Commerce (the only exception being the Assistant Secretary for NOAA, for which Bob's office is currently sourcing and interviewing candidates).

The individuals who have been approved by the President are undergoing FBI clearances, and as soon as these are completed, they will be nominated to the Senate.

Sincerely,

Howard H. Baker, Jr.
Chief of Staff to the President
